

5X5"30FT Gau10 Square Pole

Date:..... Location:

Product:..... Project:.....

Quantity:..... Catalog#

The Bronze Gauge 10 LED Straight Square Steel poles are built from high strength steel tube and are available side drilled for arm mounted area lighting luminaires or with tenon mounts for flood and post top luminaires. Typical area lighting applications include retail centers, industrial parks, schools and universities, public transit and airports, office buildings and medical facilities. Mounting heights of 30 feet can be used based on selected luminaires.

Finish:

Textured architectural bronze powder coated finish, baked to ensure maximum paint adhesion, hardness and durability.

Anchor Bolts:

Anchor Bolts are Included.

Hand Hole and Cover included::

Allows electrician to hook-up the wires from underground to the wires that power the light above.

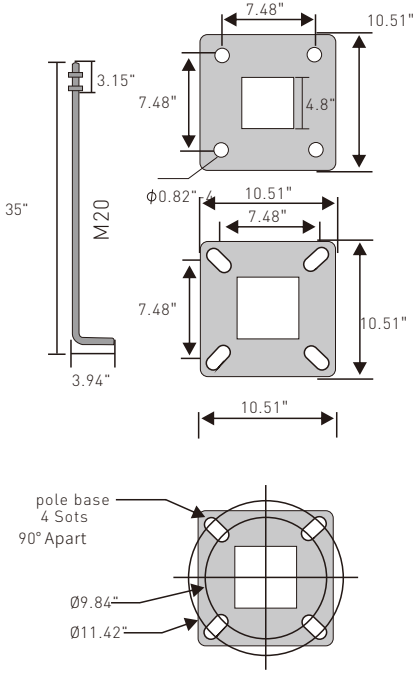

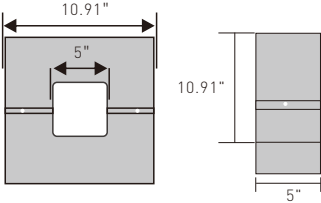

Base Cover:

Poles are provided with a two-piece formed steel base cover that is easily assembled and fitted over pole base.

Pole Length:

Poles are available in standard lengths and can be custom cut to order. Please Consult Factory.

5X5"30FT Gau10 Square Pole

	Template and Anchor Bolts Finish: Template bronze, Anchor bolts Silver Before installing the lamp pole, the installation hook should be buried underground and fixed by cement, After fixing, the lamp pole should be fixed by locking screw and base installed.
	Base Cover Finish: Bronze The 5" Installation of base cover is used to protect the base after fixing the lamp pole, so that the lamp pole base is not damaged, therefore increasing the service life of the lamp pole.
